

Where do we go from here?

Chapter President, James Moran focused on the future at the July 2017 meeting. His presentation expressed the importance of member involvement as a route to achieve chapter goals. Using the acronym TRIP, James condensed his focus over the next two years into four key points – Training, Recruitment, Image building and Partnerships. He also reported on the recent SGMP NEC in Ft. Lauderdale. Training is an important part of this organization and programs should cover one of the nine core competencies: education, facilities and services, logistics, financial and contract managements, technology, leadership, ethics, protocol and Government travel.

Committee Chairs and members are needed!!! If you are interested in serving on a committee or chairing one please contact Chapter President James Moran or a member of the board.

Committees include:

Honors and Awards

Membership

Programs

Publications and Communication
